

Commercial & Industrial Lighting Rebate Program

UP TO
\$25,000
REBATE
FOR
COMMERCIAL/INDUSTRIAL
MEMBERS

Consolidated Cooperative's Commercial & Industrial (C&I) Lighting Rebate Program helps replace inefficient internal and external lighting at member business facilities.

The program provides a rebate based upon the number of lamp watts reduced when replacing old lighting with new, energy-efficient lighting, and members are eligible for the rebate when specifications are met.

SPECIFIC REQUIREMENTS:

This program is applicable to commercial and industrial business facilities only. Residential members are not eligible.

To qualify, lighting at the facility must be used a minimum of 1,800 hours per year. All projects must be a retrofit interior or exterior lighting installation. All equipment must be new; used or rebuilt equipment is not eligible.

An on-site visit is required to confirm installation of the project. Projects must be installed and completed between January 1, 2019 - June 30th, 2020.

*Consolidated Cooperative's rebate on C&I lighting is limited. The offer expires when funds are depleted on a first-come-first-served basis or when the program is discontinued.

Rebate offered in partnership with
